

MOHAMMED AMIN PAINTER

SOFTWARE DEVELOPMENT ENGINEER

☎ +91-8401220838 ✉ aminpainter786@gmail.com  [Amin Painter](#)  <https://aminpainter.netlify.app>

SKILLS

FRONT END: ReactJS | Next.js | Gatsby.js | Tailwind CSS | HTML | CSS | SASS

BACK END: Node.js | Express.js | MongoDB | TypeScript | JavaScript | Python

OTHERS: AWS, Data Structures

WORK EXPERIENCE

Full Stack Developer

Idea Usher, Ajitgarh, Punjab (Remote)

Apr 2024 - Present

- Built the entire backend for a large-scale application featuring various functionalities like chats, groups, challenges, stories, appointment booking, video courses, forums, etc.
- Created a **Typescript** starter template for backend applications with essential features like authentication, in-app notifications, error handling and file uploads with AWS S3, enhancing development speed across multiple projects.
- Developed intuitive and responsive dashboards for client projects using **Next.js**, **Tailwind CSS**, and **Shadcn-UI** enhancing the user experience and providing robust administration tools.

Full Stack Developer

LoopinHQ, Seattle Washington (Remote)

Apr 2022 - Sep 2022 (5 months)

- Created a **Chrome Extension** with **JavaScript** and **Material-UI** serving as a marketing tool, offering a subset of the Loopin application's features to attract new customers.
- Built an application using **Node.js**, **Express.js**, and **Slack APIs** that allowed users to communicate with the main Loopin app directly from Slack, leading to significant user growth.
- Developed a **Zoom** application that enabled users to access the main LoopinHQ app within the Zoom environment.

MERN Stack Developer

Protoezy, Bengaluru, Karnataka (Remote)

Jan 2022 - Apr 2022 (4 months)

- Implemented a real-time chat module using **Node.js** and **Socket.io**, facilitating seamless communication between users and PCB vendors.
- Built APIs for the vendor dashboard with **Express.js**, **TypeScript**, and **MongoDB** along with schema validations using **Zod** to sanitize incoming user requests for enhanced security.
- Designed components of the user interface using **ReactJS** and **Tailwind CSS**, ensuring a modern and responsive application experience.

PROJECTS

Low Ground Pressure Machinery

Freelance (Under FIBO 1618)

Node.js | Express.js | MongoDB | TypeScript | ReactJS

<https://tinyurl.com/lgpmms-demo>

Disha Concepts

Freelance

Gatsby.js | Contentful CMS | Framer Motion | Tailwind CSS

<https://dishaconcepts.com>

EDUCATION

B.Tech, Computer Science

Maharaja Sayajirao University Of Baroda

2022 - 2025

Diploma, Computer Science & Engineering

Parul Institute Of Engineering And Technolgy

2019 - 2022
